## What We Do

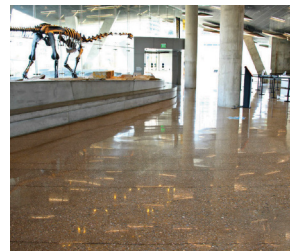

Mid America Specialty Services has been providing world class commercial refinishing services to some of the country's most prestigious buildings for over 35 years. Our skilled refinishers can help restore hard surfaces to like-new condition, often saving items that would otherwise have to be replaced. We can prepare a custom maintenance program or a one-time restoration project. Our services are determined by your needs.

## Markets We Serve

- ✓ Commercial Real Estate
- ✓ Hospitality & Entertainment
- ✓ Construction & Retail
- ✓ Education & Medical Facilities
- ✓ Government Projects
- ✓ Historic & Religious Restoration

## Notable Projects

- ✓ Smithsonian National Portrait Gallery  
Washington, D.C.
- ✓ Turner Construction  
Union Terminal Restoration  
Cincinnati, OH
- ✓ Kennedy Space Center  
Cape Canaveral, FL
- ✓ BNSF Headquarters  
Fort Worth, TX

# GLASS

## RESTORATION

Traditional window washing will not remove hard water deposits and etching caused by the elements and building run off. With a series of abrasive materials, the surface is carefully polished clear.

- ✓ **Windows**
- ✓ **Storefronts**
- ✓ **Curtain Walls**
- ✓ **Building Entrances**

Hazy and dirty anodized aluminum window frames can often be restored to their original color and luster.

Combine our glass and window services to give your building facade a complete refresh.

## RESTORATION

Over time, lots of factors will stain and break down facade surfaces. These include sunlight, rain, car exhaust and other hazards. We have developed special processes to clean and restore your facade to like-new condition while also adding a layer of protection.

- ✓ **Aluminum Composite Panels**
- ✓ **Stainless Steel**
- ✓ **Factory Coated Finishes**
- ✓ **Limestone, Granite & Other Stone**
