FACADE RESTORATION

COMMERCIAL BUILDING RESTORATION & MAINTENANCE

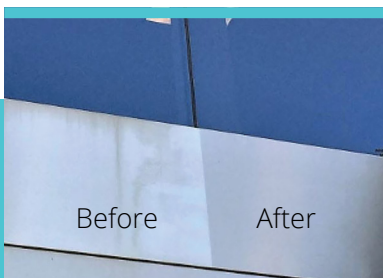

MAKING YOU STAND OUT

IT'S WHAT WE ARE HERE FOR

Our professional refinishers have the experience and training to give you outstanding results on renovations, one-time repairs, and custom service contracts. We work commonly with a variety of facade materials.

EXTERIOR METAL

- ANODIZED & PAINTED (KYNAR) ALUMINUM
- STAINLESS STEEL
- COPPER PATINA
- PAINTED OR FACTORY-COATED SURFACES

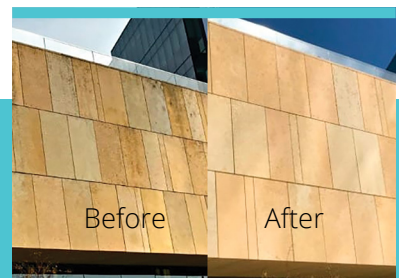

EXTERIOR GLASS

- ADVANCED PRODUCTS AND POLISHING
- WE REMOVE HARD WATER STAINS, ETCHING AND OTHER DAMAGE

EXTERIOR STONE

- MASONRY CLEANING
- CLEANING AND SEALING
- EFFLORESCENCE REMOVAL
- REMOVAL OF VANDALISM OR GRAFFITI

OUR MAIN AREA OF EXPERTISE

What we do best

We are driven by expert processes that deliver results for your business and your patrons.

PROFESSIONAL AFFILIATIONS

METAL

Mid America Specialty Services restores the color and luster of exterior metal to like-new condition. We add a layer of protection against future damage from ultraviolet light, extreme weather, pollution and other factors. We have worked with a wide variety of metal materials. Our experts are equipped to make all kinds of metals look like new. After all, first impressions can say a lot.

WINDOW FRAME

Just like other metal facade materials, your window frames may need attention to return them to tip-top shape. Over time, metal window frames take on a faded or chalky appearance due to oxidation. Our refinishers will reverse the effects of oxidation to restore the color and sheen to your window frames.

GLASS

Window cleaning alone is not enough to keep architectural glass in acceptable condition. Using a little generic window cleaner is great for short-term restoration but will never return your glass surfaces to perfect condition. Mid America Speciality Services will help make your glass surfaces look like new and extend their life to save you money in the long-run.

STONE

Facade maintenance doesn't come down to just a simple clean. Our work is aimed at extending the life of your surfaces. At Mid America Specialty Services, our stone restoration experts know how to restore and protect your exterior stone walls. We employ many strategies to ensure the longevity of your facade.

WE BUILD

FIRST IMPRESSIONS

Mid America Specialty Services restores the appearance and function of your building facade to enhance the appearance, strength and value of your property. Whether you're looking for repairs, restoration, or just some guidance on how to maintain the quality and beauty of your metal, glass, or stone facade, Mid America Specialty Services can help you.

FACADE

ARCHITECTURAL SOLUTIONS...

MAINTAIN ASSET VALUE

Routine maintenance is easy to ignore because most facade damage accumulates over years from many factors. Protecting the value of your asset is a top priority.

SAFETY AS TOP PRIORITY

The safety of tenants, employees, and the environment are the focus of each project. We have programs to minimize risk in your facility to help further protect your assets.

AESTHETIC DESIGN

Your building facade plays a central role in the aesthetic value of your property. An up-to-date, well-maintained exterior makes a strong first impression.

AND WE DO IT ON TIME

Your time is important to us. Our team of experts work within your facility to manage project timelines to mitigate interruptions in building flow.

DELIVERING QUALITY

... SINCE 1985

MID AMERICA SPECIALTY SERVICES

Our well-trained sales, operations, and administrative experts help customers make well-informed decisions and maintain long-term relationships.
